LONG ISLAND OFFICE

5/19/08 date

dear Judge Feustley

This letter is to address the medical issues that i have been dealing with since i've been incarcerated at the Nassau County Jail.

I have put in numerous of letters directing them to the staff at medical in this jail as well as staff who runs the jail. I have sickle cell, which is a deadly disease that i had all my life.

Since being incarcerated i have been hospitalized way over 8 times. I'm supposed to see a special Dr. (Hematologist), a blood doctor every month. I have not been to see one since the 3rd week of Feb.uary. I'm supposed to see a eye doctor at least 4 times a year, i have not seen one since September of 2007. The doctors at the hospital (Nassau Medical Center) put in a special order for me to see the dentist^{IST} to get 4 teeth removed, this was 3 months ago, i still have ~~not~~ ^{not} go.

Being housed in Nassau Jail is like being a tortured slave waiting to die. This jail is not fit to seen my medical needs. And the staff here don't care at all about my medical needs.

I wrote so many circumece, letters to the Judge (Hon. Judge Feustley), my lawyer (E. Meadows), my family, and now Internal Affairs. And i will keep writting untill i get some type of response.

Thank You. Ashanti Harrell
